

A3 POSTER MOCKUP

In order to exchange default posters with your own artwork, double click on **"LEFT SOURCE"** or **"RIGHT SOURCE"** smart objects (marked green), paste your file (A3 @ 600 DPI recommended) and save the smart object.

-

You can find special effects on layers marked yellow inside "Global FX", "Left Poster" and "Right Poster" folders.

-

Export to JPEG with File -> Save for Web.

-

Crafted on Photoshop CS6 but should work on older versions too.

-

Premium poster mockup pack coming soon.
